Experience

Larry has completed 39 Sydney—Hobart yacht races, winning three times. He has also been a long-term crew member on well-known Australian yachts, including Wild Oats, Ragamuffin, and SHK Scallywag 100.

He has completed three Fastnet Races, three Atlantic crossings, and participated in numerous regattas worldwide over the last forty years of yacht racing.

His experience as a delivery skipper over the last ten years has seen him complete an average of over 20, 000 nautical miles per year.

Yachts successfully delivered have ranged from 38-foot pleasure craft to 100-foot super maxi racing boats, both monohull and multihull.

He has been part of the crew holding the World Records sailing from Sydney to Hobart, Hong Kong to Vietnam and Sydney to Auckland on board the Orma 60 trimaran known as Team Australia and SHK Scallywag 60.

Larry now owns and operates the above vessel as Jacarla 3 and therefore understands the various challenges encountered in yacht ownership.

Larry is arguably Australia's most experienced skipper when it comes to international deliveries—particularly focusing on trips between Australia's East Coast and Asia-Pacific.
