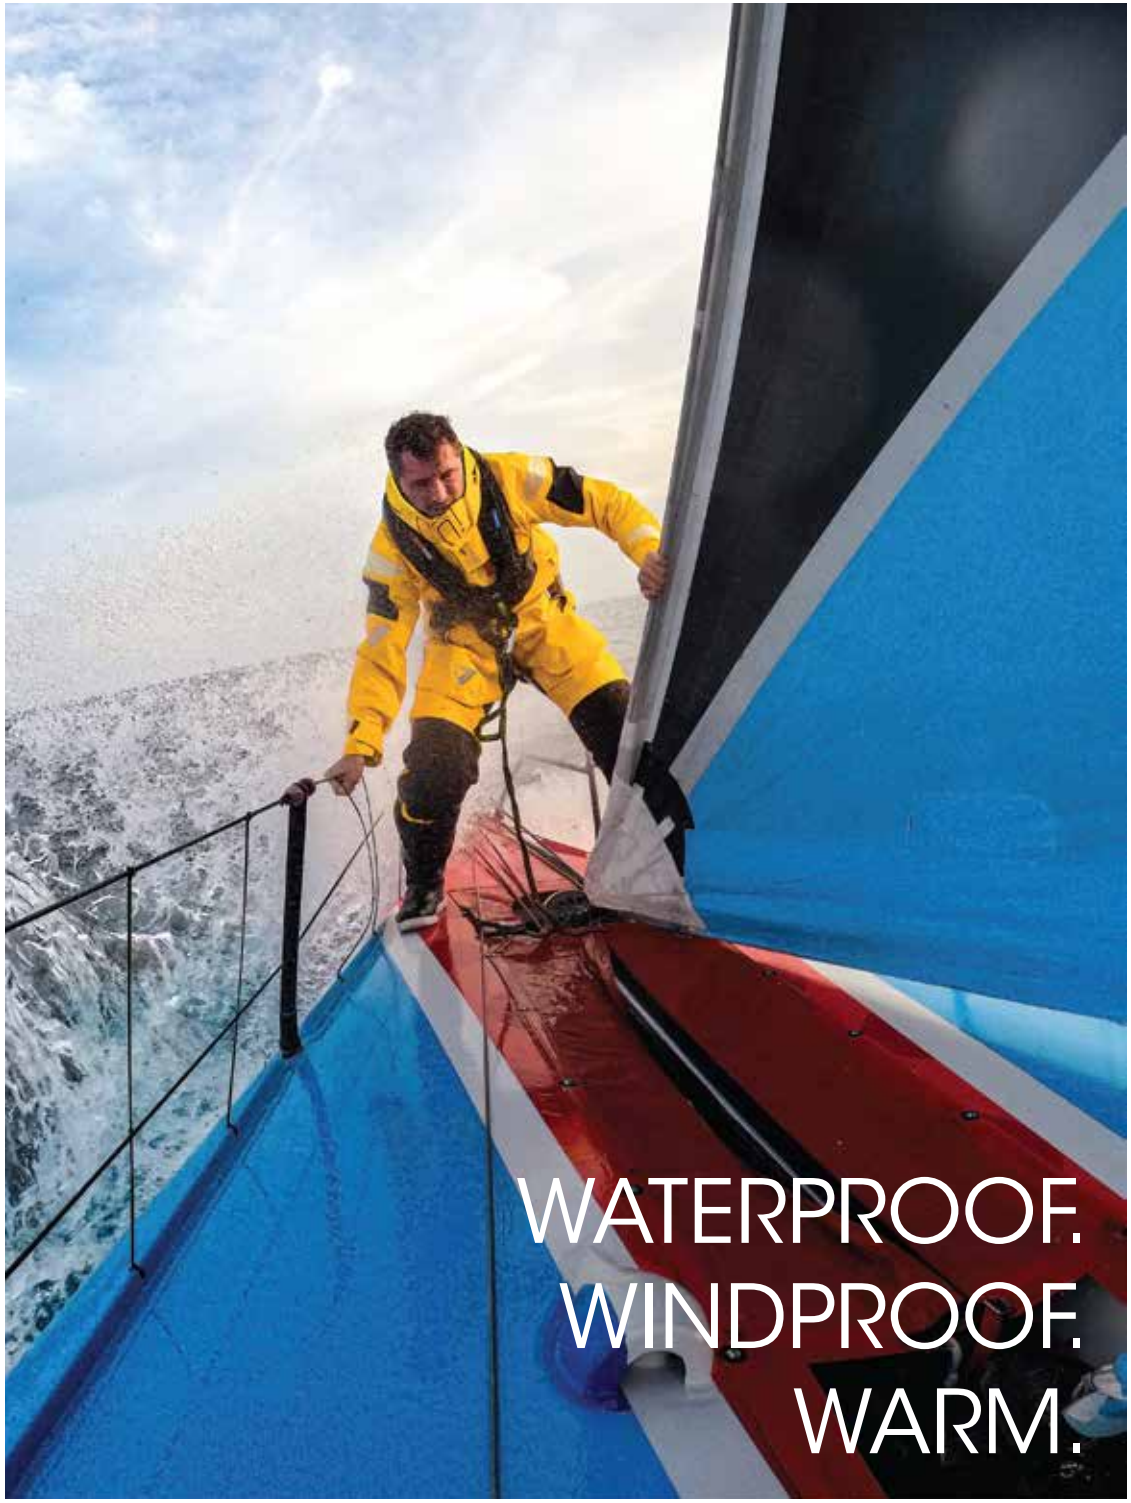
SLAM

Blending visionary
innovation and
resourceful design.

SLAM
SLAM
FALCONERI

SLAM

SLAM has spent over forty years working alongside sport's highest achievers.



MUSTO

Sailing exposes you to an array of changeable conditions. Make sure you're prepared to take them all on.

Featuring weatherproof GORE-TEX® technology, RECCO® safety enhancements and UV protection.

In these 45 years, we have covered many nautical miles, always alongside those sailors who have redefined the limits of their sports.

MUSTO

Each athlete and partner in our family shares more than just a passion for the sea; they share a commitment to excellence, innovation, and authenticity.

Together, we have experienced and will continue to experience thrilling adventures among the spray and wind. Sea and sport tales, written amidst the waves, that inspire our dreams, hold our breath, excite us and sadden us, sometimes.

All shaped by a single and extraordinary element: the sea. Beautiful yet capricious, making each cruise unpredictable and therefore unique.

SMALLWOOD'S
YACHTWEAR

Inspired by yachting's timeless spirit of adventure, exploration, and elegant enjoyment, Smallwood's Yachtwear offers a complete array of professional apparel appropriate for all occasions.

Since 1981, the family-owned operation has continued to evolve with the global yachting industry with designs, styles, and technical features that deliver the latest in modern performance as well as appearance.

Smallwood's works with best-in-class brands to provide polos, deck shoes, t-shirts, sun shirts, outerwear, wet weather gear, caps, towels, tote bags.

dubarry
of Ireland

Since 1937 Dubarry have built an extraordinary reputation worldwide for excelling in the design and manufacture of footwear that marries tradition, technology, style, comfort and function, placing Dubarry firmly at the very top of the marketplace as an innovator, a leader and above all, a trusted and respected name.

Designed specifically for active use on the water, the Dubarry Aquatech Collection is ideal for crew uniforms and sailing team kit with styles and colours to suit any type of yacht.

Luxurious enough to give your crew a morale boost but also hard-wearing and functional.

The Dubarry Aquatech clothing and footwear (technical boating trainers to traditional leather deck shoes), are made from top quality materials with many technical features built in.

HELLY HANSEN

Helly Hansen has been on the front lines of innovation with our Lifa Infinity Pro™, Helly Tech® , LIFA®, H2Flow™, and LIFALOFT™ technologies. Explore the history of our first-to-market innovations and our heritage.

Helly Tech® is the waterproof and breathable outer layer between you and the elements. Its unique membrane will keep water molecules out, while allowing sweat vapor to pass through – keeping you dry from the outside and comfortable on the inside.

VMG CLOTHING

In yacht racing, the helmsman and crew use the term VMG to optimise the boat speed performance, so to arrive at the mark as quickly as possible.

The boat that has the maximum average of VMG – generally wins the race.

We want to align with this concept to bring you a marine line of clothing that accelerates in high performance, function and style.

The thirst for cruising to uncharted waters and pushing the boundaries of adventure is without a doubt, the new cool.

We see the strength and the courage of Mother Nature – all we can do is try and harness this power and adjust ourselves to her elements.

Adding organic cotton and recycled polyester to our new range is our way of showing the world that designing technical and stunning crew wear can go hand-in-hand with looking after the planet we live on.
